

# VANDERSTEEN TREO

## Preliminary Information

The Vandersteen Treo is a time and phase correct full-range loudspeaker. Available in all the standard wood finishes. The top three drivers and performance are the same as Quatro sans powered sub-woofer.

### TREO COMPONENTS:

Price: \$ 5,990.00 per pair

- Tweeter:** 1-inch critically damped, low distortion, dual chamber, ceramic-coated alloy dome tweeter. Precision phase plug Ferrofluid voice coil cooling. 5kHz –30Hz
- Midrange:** 4 1/2-inch curvilinear tri-woven composite cone with die-cast aerodynamic basket and magnet system. Ferrofluid voice coil cooling. 900Hz - 5kHz.
- Woofer:** 6 1/2-inch woven fiber cone, and a precision formed magnet assembly, with a copper Faraday ring. 36Hz - 900Hz. 8-inch carbon loaded cellulose flat cone subwoofer with a long throw motor assembly. 36Hz - 80Hz. Port QB<sub>3</sub> alignment, down firing.

### TREO SPECIFICATIONS:

- Frequency Response  
36Hz to 30kHz + or - 3dB.
- Sensitivity  
85dB at 1 meter with a 2.83 volt input.
- Impedance  
6 ohms + or - 3 ohms.
- Crossover  
80Hz, 900Hz, 5KHz. 6dB per Octave.
- Physical  
43" high, 10" wide, 15" deep. 80 Lbs net
